## 2016 Side-by-Side Pre-Screening Videos

Because of the high demand for auditions, applicants will be asked to submit a pre-screening video with their application materials. Applicants will upload their videos to YouTube and provide the link with their online application.

You **MUST** upload your video to YouTube before you fill out your online application.

The registration deadline for video submission is Friday, January 1, 2016. No late applications will be considered.

### Pre-Screening Video Requirements

- Your video must include:
  - One (1) two-minute excerpt from a fast movement of a solo work
  - One (1) two-minute excerpt from a slow movement of a solo work
- The two movements do not have to be from the same piece
- Each excerpt must be recorded in a single, continuous take
- The two excerpts can be recorded separately and then edited together into a single video. You can combine the two videos in YouTube (see upload instructions below), or you can combine them yourself using any software you would like
- Applicants may only submit one pre-screening video
- If you don't have a video camera, a cell phone or webcam is a great alternative
